

ZEN HAND GRENADE SIMULATOR (ZEN HE 36S™)

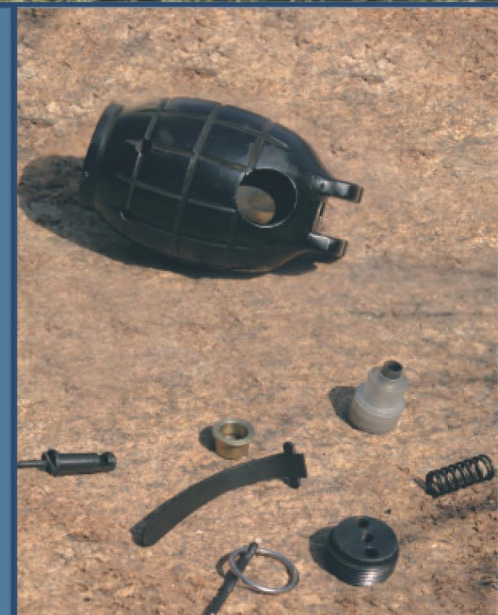

ZEN HE36S™ is a patented hand Grenade Simulator with same dimension, shape, weight, look and feel of the HE 36 hand grenades.

Overcome shortage of firing ranges, develop excellent mind-body coordination and reduces casualties by providing near-real experience.

Train to use grenade as a weapon or to improve reflex actions of the force.

Train to perfection and fill the wide gap between squad post training and live firing of grenades.

www.zentechnologies.com

Follow 24X7 training cycle in restricted area saving time and logistics.

The Grenade Simulator is finely machined, produces blast, flash, smoke and sound does not fragment. It can be lobbed with hand or fired with a rifle.

Reflex Action' training enables trained soldiers to attack a grenade thrown at them and clear it to avert own casualties.

Compels trainees to exercise necessary caution while handling the grenades. It inflicts mild burn injury, if it bursts in hand.

Raises standards of physical fitness, mental sharpness, reflexes, decision making capability and instils the confidence to face unforeseen battlefield situations.

'Opt for ZEN HAND GRENADE SIMULATOR (Zen HE36Sim™) – the difference is REAL'
