

ZEN MINING EQUIPMENT TRAINING SIMULATOR (ZEN METS)

Zen Mining Equipment Training System (Zen METS) trains operators of heavy mining equipment and machinery like Dumpers, Shovels/Excavators, Dozers of various capacities operating wheels or tracks.

Revolutionize operator training by introducing Hi-Tech state-of-the-art mining simulator to train operators of high cost mining machinery.

Conserve main-line equipment, turn novices into skilled operators, reduce downtime of equipment, maintenance cost and helps optimally utilise the capacity.

Enormous savings over a period of 10 years.

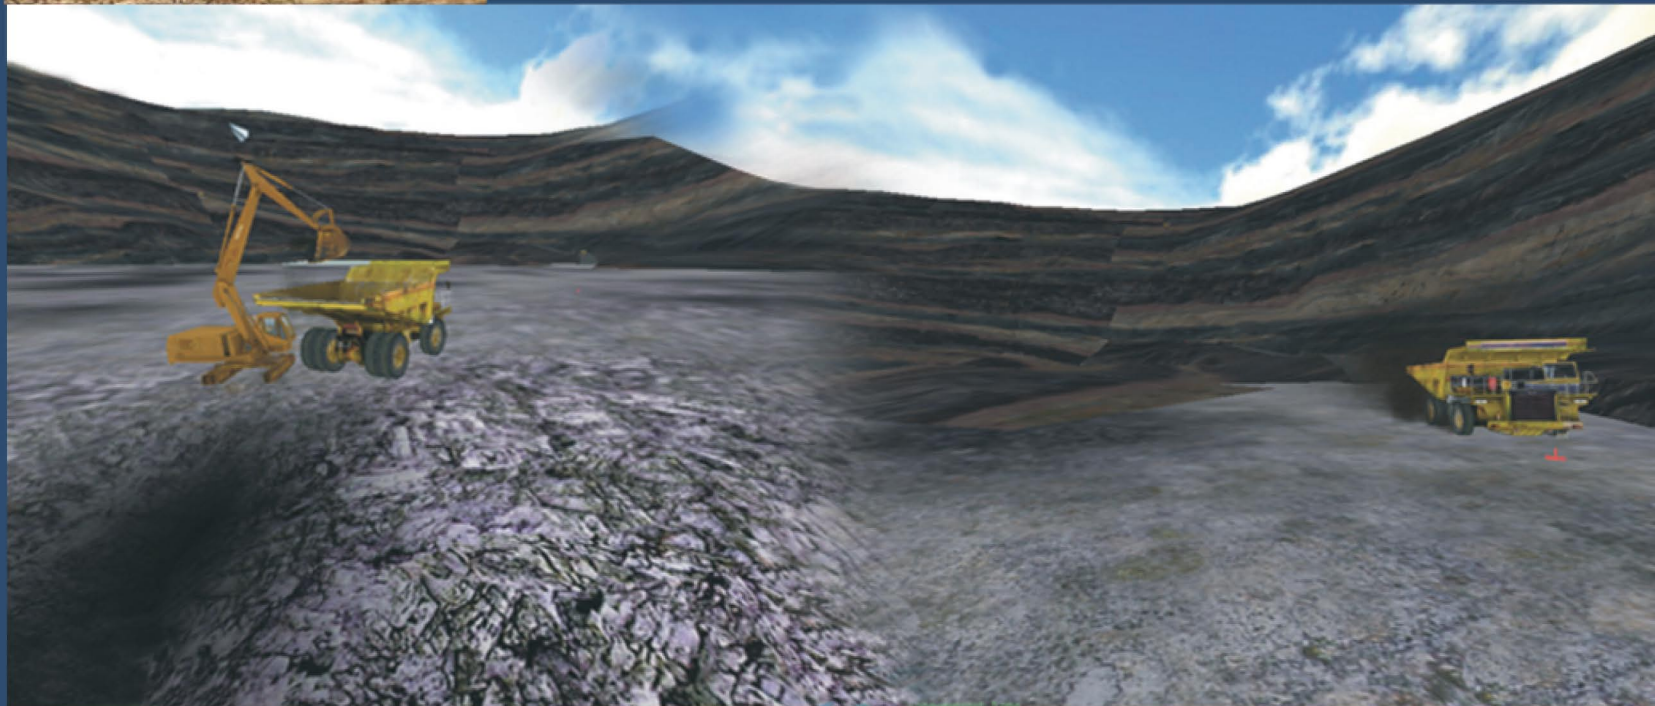

www.zentechnologies.com

Increase safety to help attain industry standards of training.

Up to 10 conversion kits of various equipment connected to one control station to operate independently and simultaneously.

Realistic visuals simulate variety of terrains as found in mines.
