Dear Sir/Madam,

Sub: Press Release Relating to grant of Patent

Please find attached the press release titled “ZEN TECHNOLOGIES LIMITED CELEBRATES PATENT GRANT FOR INNOVATIVE "MINE DETECTION SYSTEM"”

The above information is also available on the website of the Company:

<https://www.zentechnologies.com/press-releases>

Kindly take the same on record and acknowledge the receipt.

Thanking You.
Yours sincerely,

for Zen Technologies Limited

HYDERABAD, AUGUST 19, 2024

ZEN TECHNOLOGIES LIMITED CELEBRATES PATENT GRANT FOR INNOVATIVE "MINE DETECTION SYSTEM"

Zen Technologies Limited, a key player in the defense simulation and technology industry, proudly announces the recent Patent Grant in India for its revolutionary "Mine Detection System". This innovation marks a substantial leap in the field of minefield reconnaissance, planning, and clearance, specifically addressing the development of a safer, more efficient, and accurate approach to mine detection.

The "Mine Detection System" incorporates GPS/GIS technology to plot and record in memory the coordinates of mines in terms of Latitude/Longitude and Military Grid in Defense Series Maps (DSM). This feature ensures that the system can accurately navigate to pre-recorded coordinates and assist in the safe retrieval of mines. The system is designed to function in extreme environmental conditions, operating at temperatures ranging from -25°C to +45°C and altitudes up to 15,000 feet above mean sea level.

The equipment is user-friendly and provides handheld devices for soldiers to safely lay and retrieve mines, even at night. It also ensures that there is no significant change required to existing mine laying drills and procedures, thereby facilitating ease of use in the field.

The Granted Patent, the 16th in the calendar year 2024, stands as a testament to Zen Technologies' unwavering commitment to innovation and excellence within the Indian defense industry. This accomplishment further enriches the company's portfolio of patented technologies, solidifying its position as a pioneer in defense solutions.

The company remains steadfast in its commitment to providing the Indian defense sector with state-of-the-art solutions that significantly contribute to the overall preparedness and training effectiveness of armed forces.

About Zen Technologies Limited

Zen Technologies Limited is a renowned industry leader with over three decades of expertise in delivering cutting-edge Military Training and Anti-Drone solutions. The company specializes in manufacturing state-of-the-art land-based military training simulators, driving simulators, live range equipment, and anti-drone systems. With a dedicated Research and Development (R&D) facility in Hyderabad, recognized by the Ministry of Science and Technology, Government of India, Zen Technologies has demonstrated its commitment to innovation. The company has filed for over 155 patents, of which over 75 have been granted and has successfully shipped more than 1000 training systems worldwide.
